LOGISTICS SOLUTIONS

HIGH-TECH LOGISTICS SUPPORT

Excel Logistics Solutions is your trusted partner for secure, final-mile logistics for high-value technology, medical, and commercial equipment across the Mid-Atlantic.

Headquartered in Ashburn, VA, aka **Data Center Alley**, we understand the nature of mission-critical operations.

If your logistics challenge needs more than a driver and a dolly, our customized solutions are designed to ensure the safe handling of your equipment in critical environments.

1,100+ *Assets Handled Weekly*	**90+** *Credentialed Logistics Professionals*	**40** *Years of Trusted Mid-Atlantic Service*	**24/7/365** *Availability*

INDUSTRIES WE SERVE*

IT & DATA CENTERS

Hyperscale & enterprise facilities

Data center relocation, deployment of live, new, and decommissioned server racks, and sensitive hardware.

HEALTHCARE & LAB

Healthcare systems & medical suppliers

High-value medical devices and DME with strict chain-of-custody and trained handling crews.

COMMERCIAL & B2B

Enterprise, office & commercial setups

Complex multi-piece fit-outs and multi-person handling teams with site-access clearance.

3PLS & NATIONAL PROVIDERS

Your regional final-mile partner

Seamless integration with your supply chain, SOPs, and specialized air-ride & climate fleets.

**Don't see your industry listed? Contact us for a custom logistics solution*

This was our first move! We're completely migrated out of the data center! Thank you so much for the tremendous support, timely pickups, for taking such good care of our equipment and for helping us to keep our tight schedule moving along.

-Mark, Video Game Publisher

KEY FEATURES & SERVICES

CAPABILITY	WHAT WE DELIVER
Site Launch & Phased Install Support	Coordinated rollouts and phased deployments aligned to your project schedule.
Secure Transportation	High-security transit for IT infrastructure, racks, and sensitive hardware.
Climate & Air-Ride Transport	Temperature-controlled vehicles with real-time environmental monitoring; vibration dampening and light-proofing for sensitive hardware.
Chain of Custody Documentation	Full audit trails and real-time documentation from handoff to final placement.
Staging & Warehousing	Secure regional warehousing to hold equipment until site installation is ready.
Site Surveys & On-Site Labor	Pre-deployment surveys and trained crews for heavy and high-value asset handling.
Multi-Person Handling	Crews equipped and scheduled for large-scale, complex, or heavy physical movements.
Tools, Rack Equipment & Fleet	Liftgates, ramps, and tailored moving equipment for smooth transit inside and outside the facility.
PPE, Security Escorts & Badged Personnel	Background-checked, credentialed, badge-ready crews trained to your SOPs, PPE, and escort rules.
Protocol Compliance	Communication and safety checkpoints that guarantee operations align with your SOPs
Logistics Management	Comprehensive oversight of process, equipment, and personnel from start to finish
